

BRISTOL FLEX LOUNGE SEATING

 MODUFORM

BRISTOL FLEX LOUNGE

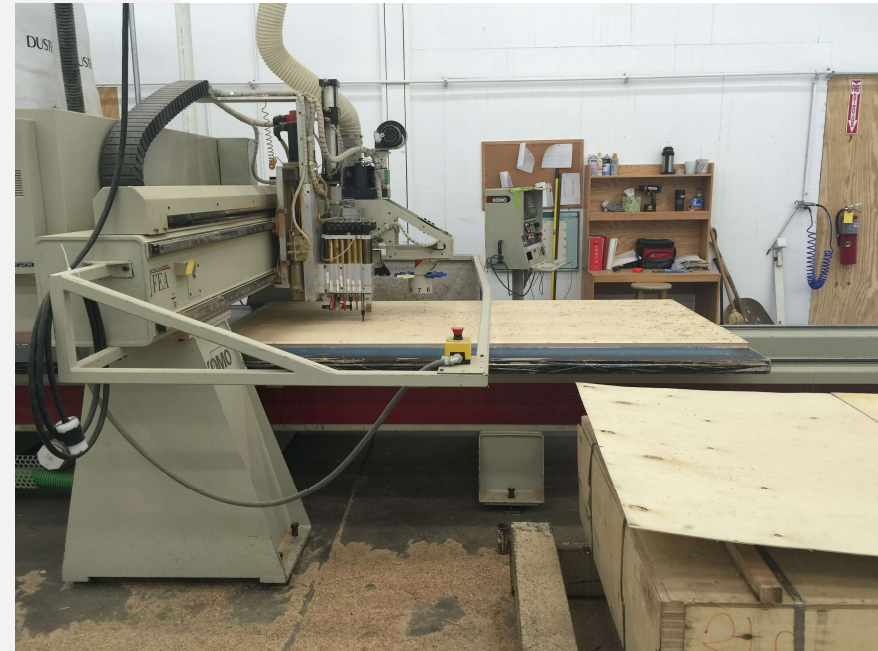

SF5101V

Overview

- Field replaceable parts and components.
- Completely renewable without tools.
- Premium contract, commercial and furniture grade, laminated, hardwood frame
- Frame assembled with interlocking components and reinforced utilizing high-grade commercial quality adhesive and galvanized mechanical framing fasteners
- High-grade commercial polyurethane foam with fiber wrap for shape and comfort
- Seat deck features "S" shaped continuous coils reinforced with paper covered tie rods for "no sag" construction
- Seat cushion is loose and is attached with two nylon elastic straps
- Back incorporate "S" shaped continuous coils reinforced with paper covered tie rods for "no sag" construction. Springs are concealed and softened using a non-woven cover and up to 3" of polyurethane commercial grade foam with a layer polyester fiber wrap for shape and comfort.
- Springs fixed to engineered hardwood rails using tape lined clips to prevent squeaking
- All seams stitched with finest quality bonded, low profile nylon thread. Superior strength and abrasion resistance
- Certified Green for healthier indoor environments

BRISTOL FLEX: FRAME

Frame components machined into "puzzle cut" pieces using a heavy-duty computer-controlled router to +/- 1/32" tolerance.

Assembled with interlocking components

BRISTOL: FLEX COVER

- Flex Cover provides customers with the option to replace the fabrics that were originally upholstered to the chair, settee or sofa.
- We utilize the same style of puzzle cut frames across all our products to ensure the foundation of the unit is of the highest quality and comfort.
- Arched springs and commercial grade foam are used so that the same level of comfort in a Flex Cover model is experienced in a traditional single piece frame.
- The process to change out fabric is done without any tools or special training.
- Simply turn the unit over, loosen and remove the large hand knobs and pull the components apart.
- The fabric is "fastened" to the frame with heavy-duty hook and loop fastening that can be pulled apart to remove the cover.
- To complete the re-upholstering, simply take the new covers, slip them over the components in the reverse order from the removal steps.

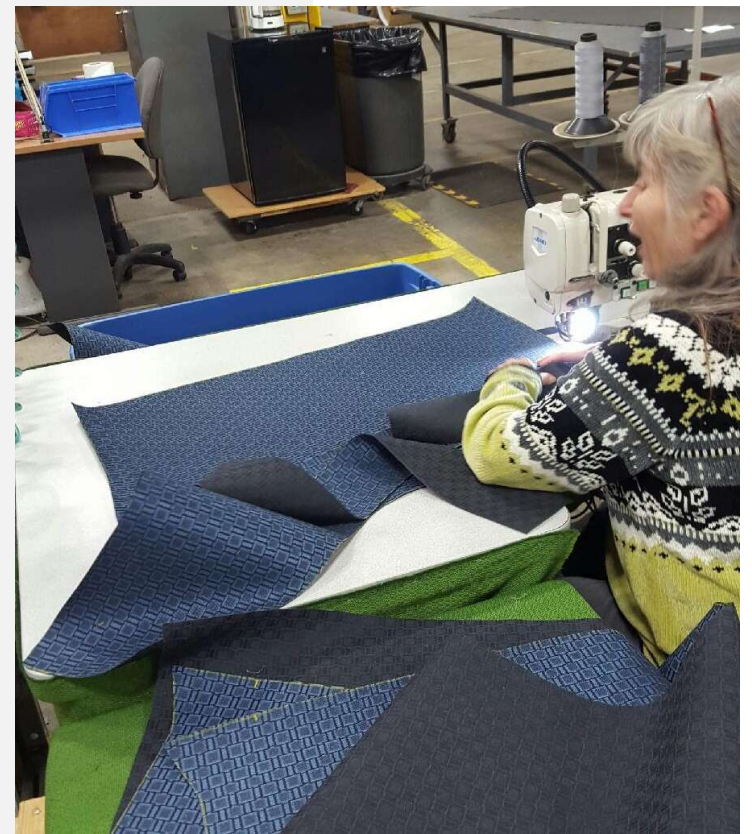

BRISTOL FLEX: CONSTRUCTION

Frames assembled with interlocking components and reinforced utilizing high-grade commercial quality adhesive and galvanized coated framing fasteners

All seams stitched with finest quality bonded, low profile nylon thread. Superior strength and abrasion resistance
