

**BG8502 Dalton Cubes with SF6401 Hadley Chair**

Hadley's frame components are machined into puzzle like pieces on state of the art CNC equipment to within the tightest of tolerances. During the assembly process, these components lock together while commercial adhesives and mechanical fasteners are introduced to further enhance the construction. This process results in the most durable, robust and stable foundation from which to build upholstered furniture. Sinuous wire springs are added, tied together and connected to tape lined clips which prevent squeaking. This improves the longevity and overall strength. Foam is commercial grade for comfort and resiliency.

CHAIR

Standard Features:

- Hardwood engineered plywood frame components, puzzle cut
- Arched, sinuous wire springs
- Lined spring clips to prevent squeaking
- Commercial grade foam seat cushion with polyfiber wrap for added comfort
- Double needle stitching
- Wood cylinder leg: Standard finishes  
Natural, Light Cherry,  
Cherry, Dark Mocha, Stone

Options:

- Cal 133 compliance
- Moisture barrier for seat
- Double needle stitching
- Contrast stitching (with double needle only)
- Motion package with handle, (2) casters and (2) legs
- (4) Casters
- Metal legs in black or silver
- Tablet arm
- Ganging clip
- (2) Fabrics
- Power | (2) USB | (1) 110V outlet

Coordinating wood tables and chairs available
