ModuForm's unique and contemporary ModuMaxx cafe table invites patients and caregivers to connect and converse, helping to reduce stress, lift spirits, and boost cognitive function, all while fostering a warm sense of community and emotional support.

In higher acuity settings where durability and safety are essential, our tables can be easily weighted through a concealed, tamper-proof port. The seamless design ensures effortless cleaning, allowing the use of mild detergents, commercial disinfectants, steam, and bleach-based agents to prevent the spread of bloodborne pathogens and viruses.

When promoting positive social interactions is key, the ModuMaxx collection of chairs and tables creates environments that soothe, inspire, and rejuvenate.
