

POR-01-H HIGH BACK CHAIR | PS5B-3D PASSAGES NIGHTSTAND | STONE FINISH

Moduform's Portland chairs feature heavy-duty solid oak frames with embedded steel inserts for metal-to-metal connections. Cushions will be either Moduform's unique rotationally molded vinyl or a fabric of your choice. Rotationally molded vinyl cushions are springless with no hard edges. This offers greater comfort, fluid, pick and puncture resistance and the ability to clean with steam, mild detergents and bleach-based cleaners, aiding in the control of blood borne pathogens. Available in either low or high back, Portland is perfect for patient or guest seating. Wood components offered in standard Moduform finishes (Natural, Light Cherry, Cherry, Stone, Mocha).
