Colors such as 220 Leaf, 719 Earthy, 728 Drift, 404 Cobalt, and 426 Slate Blue are used across collections that are manufactured using one of three standardized materials. While we ensure consistency within each material type, slight variations in color may occur between collections due to the differences in these materials. For example, 426 Slate Blue may appear differently between models 50-701, 520, and 5000-20.

Additionally, colors shown in this guide may not perfectly match actual products due to differences in screen resolutions and printing processes. For the most accurate representation, sample chips are available upon request. Please contact Customer Service at 978-345-7942 for more information.
