Handles liquid in any form.

Easy to clean, so you can handle the important things.

530-20 Armchair

Safety, durability, and comfort converge in the ModuForm 530/538 Collection, the ultimate modular lounge solution for high-demand environments.

Designed with a seamless, one-piece construction, this innovative collection offers unparalleled security and hygiene. Its fluid-repellent surface is easy to clean and sanitize, while the ligature-resistant design deters lifting, prevents contraband concealment, and withstands deliberate destructive behavior—making it ideal for healthcare, corrections, and institutional settings.

Crafted for Strength and Longevity

The rotationally molded vinyl outer layer is up to 10 times thicker than traditional textiles, providing exceptional resistance to punctures and tears. This robust construction helps maintain cleanliness and security in high-traffic areas, ensuring your facility remains safe and welcoming.

Ergonomically Designed for Comfort

The orthopedic contours of the ModuForm 530/538 Collection promote comfort during social interactions, improving overall quality of care and living conditions. With an 18" seat height, this collection is more versatile than ever, accommodating a variety of needs while enhancing user experience.

Engineered for Maximum Safety

The high-density polyurethane foam core eliminates the need for springs, sharp edges, or fabric that can pool or fray. Each piece is molded as a single unit, providing the most secure lounging solution available. No hard surfaces mean no risk of injury, making this collection ideal for environments prioritizing safety.

Proven Reliability and Cost-Effectiveness

Backed by over 49 years of trusted performance, the ModuForm 530/538 Collection is a durable, cost-effective investment for any facility. Its combination of advanced design, safety features, and ergonomic comfort sets a new standard for modular lounge furniture.

Upgrade your space today with the ModuForm 538 Collection—where innovative design meets exceptional functionality.
