

FEATURES & BENEFITS

Approachable Lounge Geometry

Clean track arms and balanced proportions create a familiar, welcoming silhouette that feels appropriate across public, education, and care environments.

Supportive Seating Without Over-Softness

Carefully tuned seat depth and pitch provide comfort while maintaining posture—encouraging appropriate use without sacrificing ease.

Loose Cushion Option for Serviceability

Removable seat cushions allow for cleaning, rotation, or replacement, supporting long-term maintenance strategies in high-use spaces.

Tailored Upholstery with Clean Transitions

Structured upholstery and controlled seam placement maintain a refined appearance while minimizing wear points and fabric distortion.

CNC-Cut Frame Construction

Precision-cut hardwood plywood frames with puzzle-fit joinery ensure consistent geometry, alignment, and long-term structural performance.

Institutional Sinuous Spring Support

Engineered spring systems deliver even support, reduce foam fatigue, and help maintain comfort over years of daily use.

Material Standards Designed for Real Environments

High-density foam and contract-grade upholstery systems support durability and cleanability in demanding settings.

Flammability Compliance Without Tradeoffs

All foam and upholstery components meet CAL TB117-2013 requirements without compromising comfort, durability, or design intent.

A Dependable Choice Across Multiple Settings

Sunday balances comfort, durability, and appearance in a single collection—making it easy to specify with confidence across varied applications.

Armchair

The Sunday Collection
