

# ZEAL

Bedroom Furniture Collection

WARMTH YOU CAN SEE. PERFORMANCE YOU CAN TRUST.

# DESIGNED FOR SPACES THAT BALANCE COMFORT & FUNCTION

Zeal combines durable construction, thoughtful storage, and clean residential styling to create welcoming bedroom environments. Designed for behavioral health, supportive housing, and residential settings, Zeal delivers dependable performance without unnecessary complexity.

## Durable Construction

Built for demanding environments using commercial-grade materials and construction methods designed for long-term performance.

## Purposeful Storage

Integrated storage options help maximize functionality while maintaining a clean, organized appearance.

## Residential-Inspired Design

Warm finishes and familiar forms help create welcoming environments while supporting long-term durability and everyday use.

# A COMPLETE BEDROOM SOLUTION.

Zeal offers a coordinated collection of bedroom furnishings designed to support a variety of room layouts, storage needs, and residential environments. Consistent detailing, materials, and finish options help create a cohesive appearance throughout the space.

## Storage Bed

Available with fixed shelving, hanging storage, and drawer configurations to support a variety of storage needs.

## Nightstand

Compact bedside storage designed for everyday accessibility.

## Dresser

Multi-drawer storage supports organization while maintaining a consistent design language.

## Wardrobe

Available in multiple configurations to support a range of storage requirements and room layouts.

# THE DIFFERENCE IS IN THE DETAILS.

Zeal combines the warmth and character of real wood with durable construction and practical storage solutions. Red oak veneer, solid oak drawer fronts, and thoughtful design details create welcoming bedroom environments while delivering dependable everyday performance.

## Solid Oak Drawer Fronts

Durable solid oak drawer fronts with machined crescent pulls provide long-term performance.

## Drawer Restrictors

Helps discourage drawer removal while supporting everyday functionality.

## HPL Work Surfaces

Impact-resistant high-pressure laminate tops with 3mm edge protection.

## ModuUV Finish

Compatible with hospital-grade disinfectants and designed for demanding environments.

## Fixed Shelving

Fixed shelves provide dependable storage while eliminating loose components.

## Integrated Hanger Groove

Machined hanger groove supports clothing storage without exposed rods or attachment points.

## Slope Top Wardrobes

Improves visibility and simplifies cleaning.

## STURDY Compliant

Wardrobes and dressers tested to meet STURDY requirements.

# BUILT TO LAST.

Zeal combines the warmth and character of real wood with durable construction details designed for everyday use. From solid oak drawer fronts and hardwood-core panels to impact-resistant work surfaces and carefully coordinated materials, every element is designed to deliver lasting performance while creating welcoming environments.

## REAL RED OAK VENEER

Natural grain variation gives each piece its own unique character while bringing warmth and authenticity to the environment.

## SOLID OAK DRAWER FRONTS

Durable solid oak drawer fronts with machined crescent pulls provide lasting performance and a refined appearance.

## HPL WORK SURFACES

Impact-resistant high-pressure laminate tops with 3mm edge protection help withstand everyday use and cleaning.

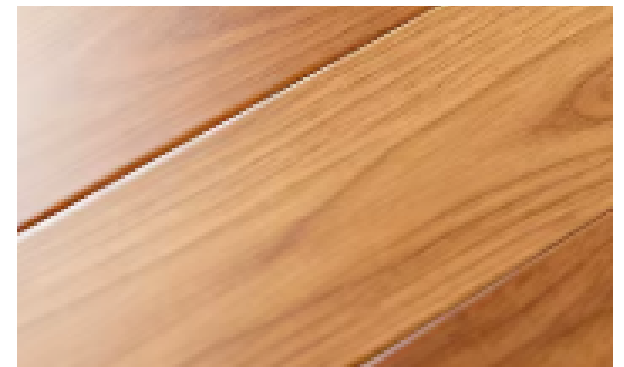

## HARDWOOD-CORE PANELS

Hardwood-core veneer panels provide enhanced durability and long-term structural integrity compared to particleboard-based construction.

## SLOPE TOP WARDROBES

Integrated slope tops improve visibility, simplify cleaning, and maintain a coordinated appearance.

## MODUV FINISH

Compatible with hospital-grade disinfectants and designed for long-term durability in demanding environments.
